

# NW Dallas APA Masters Division

Summer 2022

Wednesday Our Glass

NOTE: To qualify for the MVP players must play 6 times during the regular session.

NOTE: This report reflects points based on a player shooting only once in any team match.

Since a team/players should not be penalized for allowing another team to play someone twice, when a player shoots twice in a

team match, the lowest score is discarded and the highest score is used. Therefore, no player is able to earn more than 7 points in any team match.

NOTE: All players must have played 4 times with their team in spring session, have 10 life time matches in the past year and be on a current Masters team to play in WQ.
