

NW Dallas APA Masters Division

Summer 2022

NOTE: To qualify for the MVP awards players must play 6 times during the regular session.

NOTE: This report reflects points based on a player shooting only once in any team match.

Since a team/players should not be penalized for allowing another team to play someone twice, when a player shoots twice in a team match, the lowest score is discarded and the highest score is used. Therefore, no player is able to earn more than 7 points in any team match.

NOTE: All players must have played 4 times with their team in spring session; have 10 Life time matches in the past year, and they must also be on a current Masters team to play WQ.
